## Four decades of EXPERIENCE

Dinamicoil, established in 1970, is an Italian manufacturer of hoisting winches and planetary gearboxes. With 45 years of experience constantly improved by research and development, we have adopted a “flexible thinking” approach that allows us to offer customized solutions for industrial applications and mobile machines. Dinamicoil, with headquarters in Modena, has consolidated its position on the international market, where it now has three production units, 8 subsidiaries in Europe, the Americas and Asia and an extensive network of distributors around the world. Human relations in business are a major part of what makes a business work. Ease of communication, talented people with expertise, and a friendly approach combined with our “flexible thinking” and culture of innovation are the ingredients of our company philosophy and the reason for our success.

# Quality

---

We supply components that must work without fail for decades: therefore, quality is an essential factor for us. Dinamic Oil is UNI EN ISO 9001:2015 certified.

Our Quality Service works closely with major certification organizations to provide, when needed, type approval such as DNV and ABS, design approval and product certificates.

# PRODUCT RANGE

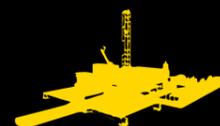

Thanks to our “flexible thinking”, Dinamic Oil winches and gearboxes are ideal for driving all industrial systems and self-propelled machines such as crawler cranes, loader cranes, tunnel boring machines (TBM), biogas plants, palm oil crystallizers, conveyors, deck cranes, jack-up systems, tensioners, and cane mills. In every application where “application engineering” is an added value, Dinamic Oil offers innovative and advanced solutions for maximum operative efficiency.
